HOW A STUDENT'S QUESTION GETS ANSWERED

The student gets a curriculum-accurate, bilingual answer — instantly

Scoped exactly to their board · class · subject · chapter · In English or Assamese · Streamed in real-time · Voice available

Student Memory — the system remembers what each student has studied, their weak areas, and past doubts

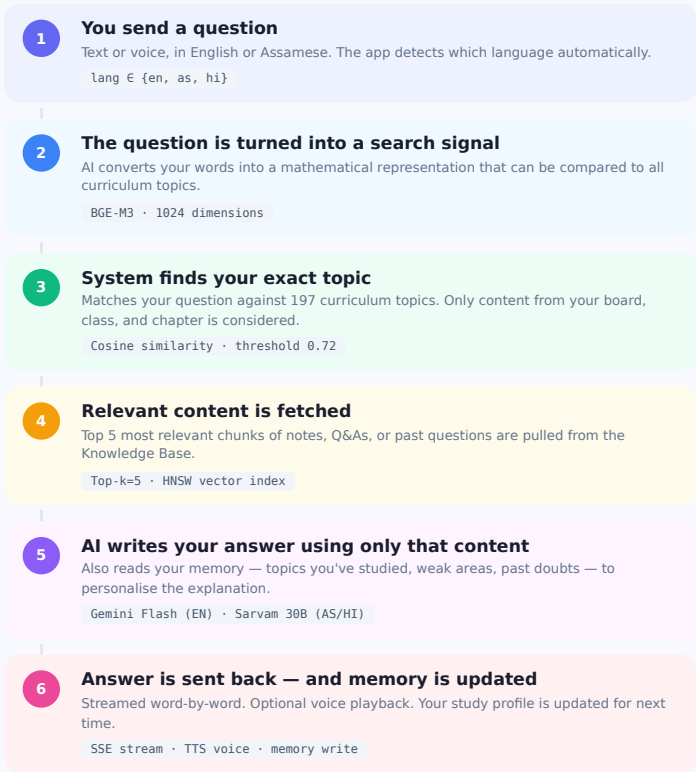

Every answer gets better over time · Works across all sessions · No two students get identical responses

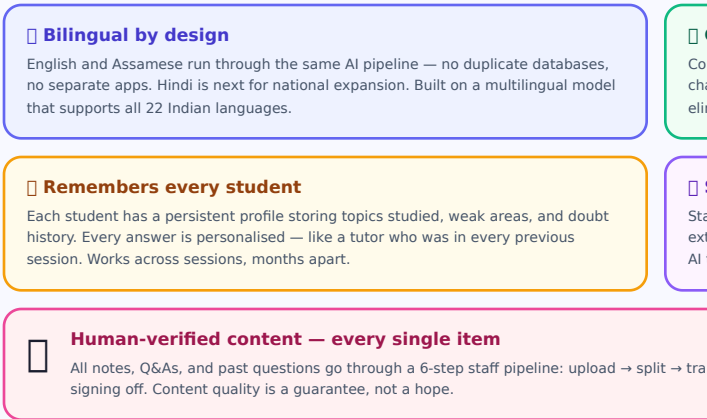

Staff Content Pipeline — Human-reviewed before it goes live

Upload → Split into chunks → Translate to Assamese → AI-index → Staff review → Publish · No AI content goes live without human approval
